

Innovation and Safety of Foods and Beverages

Congress Center of Technological Educational Institute of Athens, 2-3 June 2015

FIRST ANNOUNCEMENT

Dear colleagues,

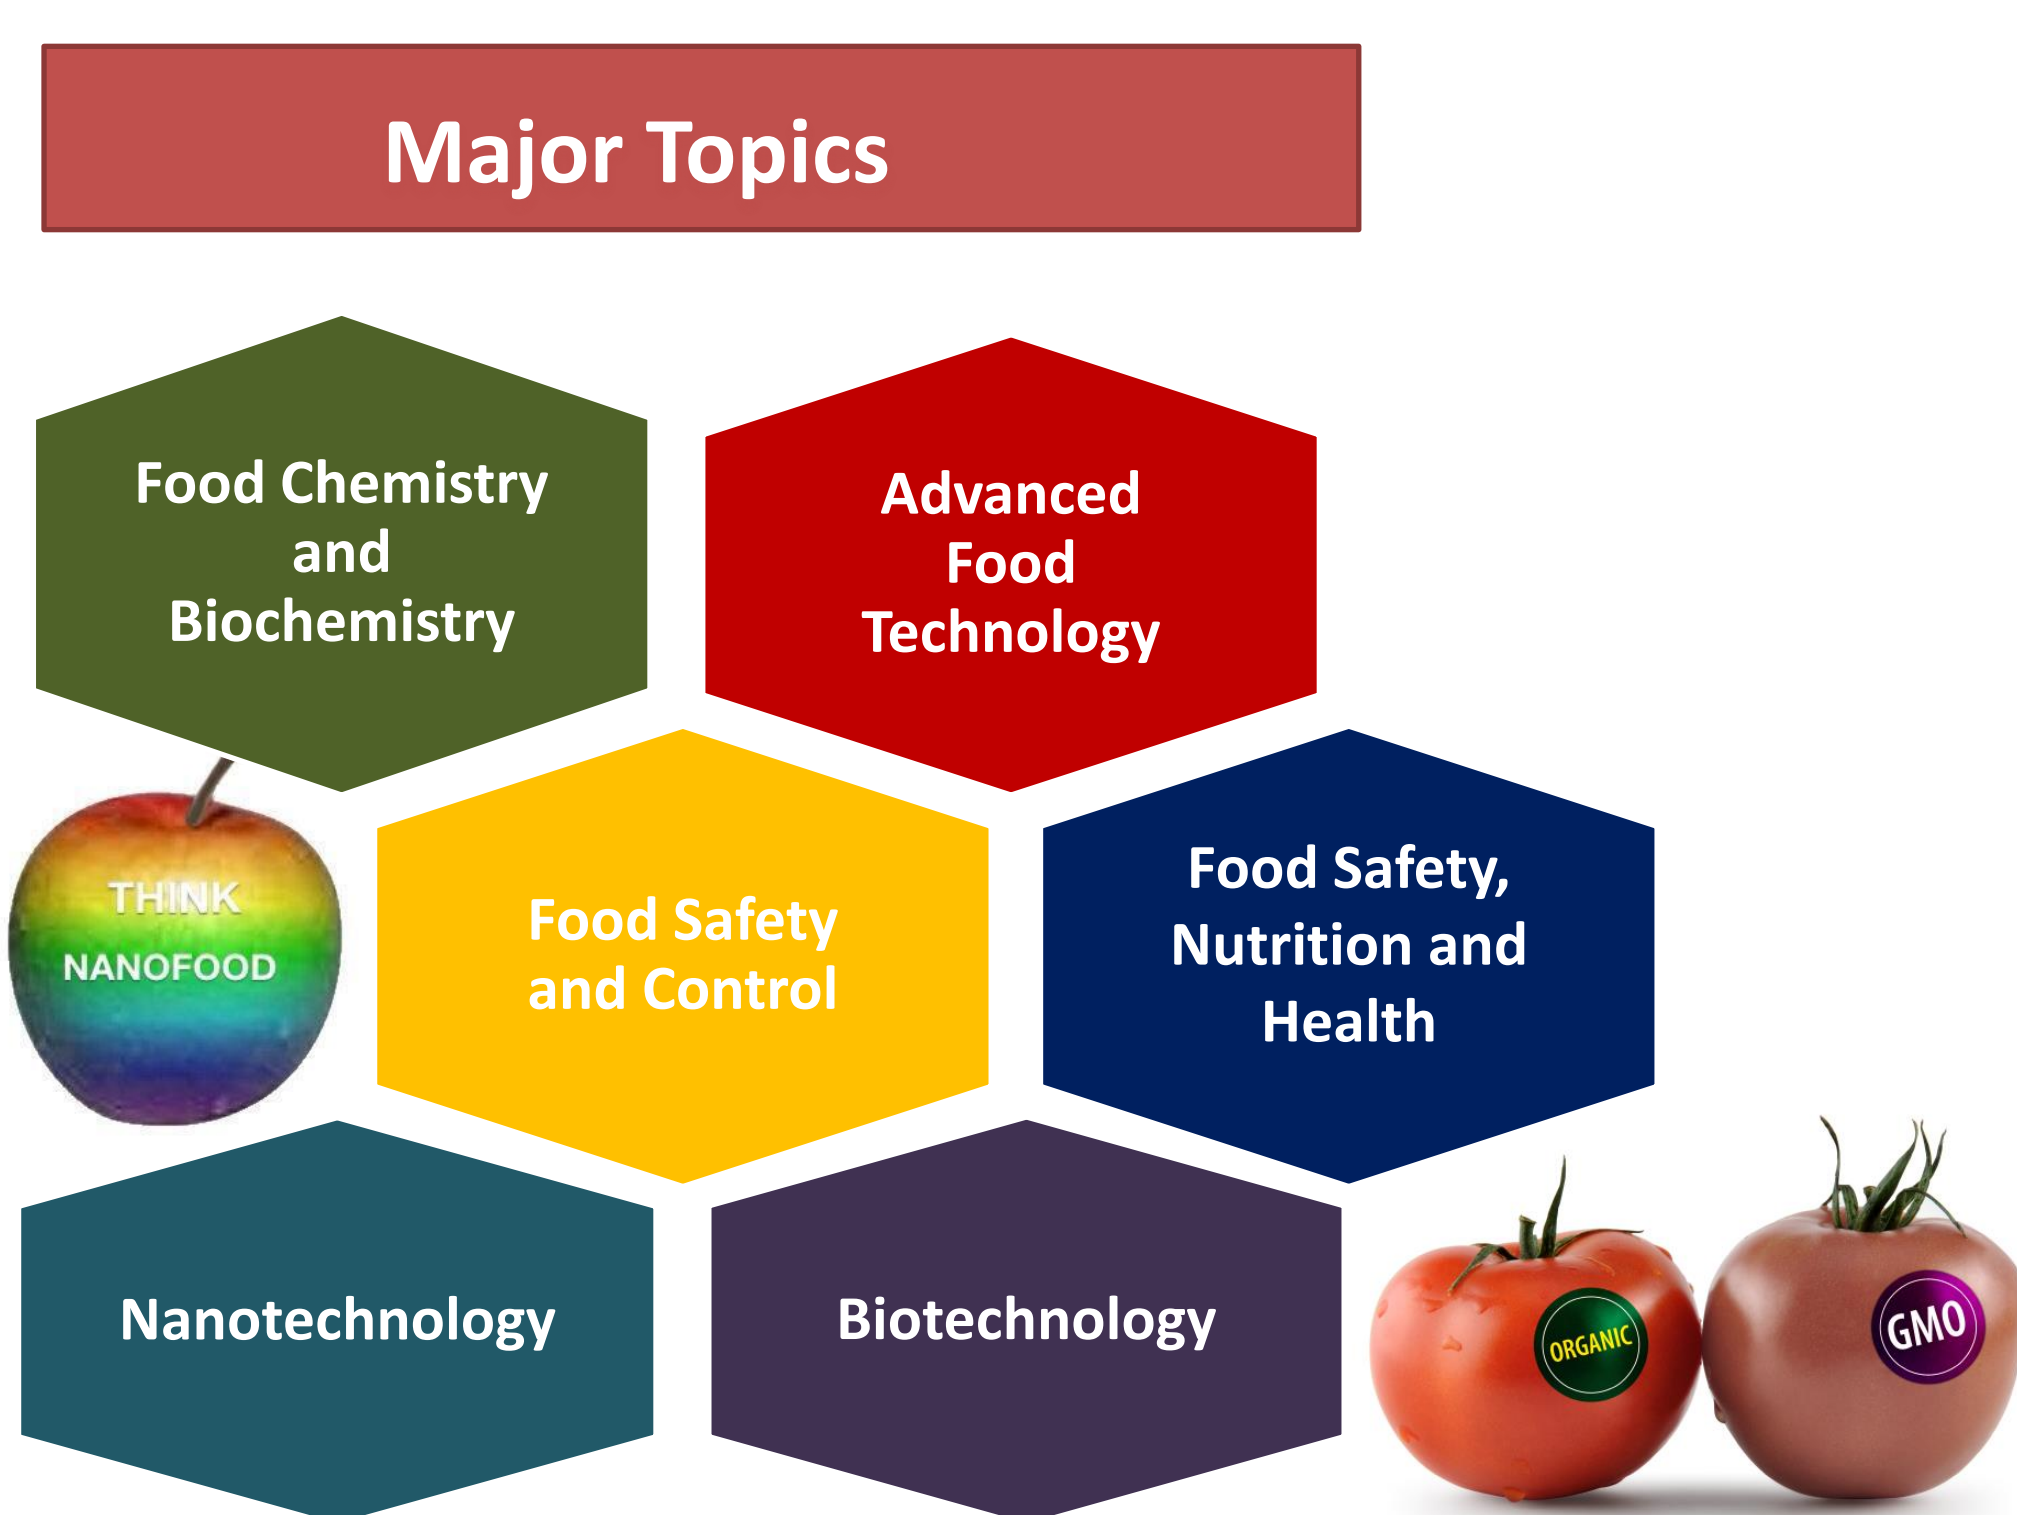

- Faculty of Food Technology and Nutrition of the Technological Educational Institute of Athens organizes a preconference prior to the Food Technology-2015 Conference organized by OMICS International which will be held in London from 10-12 August 2015. Official preconference collaborator is the Hellenic Association of Food Technologists.
- We cordially invite you to participate with oral presentation or poster at the preconference which will be held in Athens, the city that is widely referred to as the cradle of Western civilization and the birthplace of democracy.
- This scientific meeting discovers innovation results of food safety and beverages. The conference is designed to encourage the exchange of ideas across a broad range of disciplines.

Deadline for abstract submission: April 30, 2015.

Registration form (given below). Notification of abstract acceptance should be received the latest by May 10, 2015. Working language will be English.

Registration fee is 120€ per each participant and includes: book of abstracts, attendance of all sessions, lunch and refreshments. Abstract preparation Instructions are given below. The account for registration payment will be provided in the second announcement.

Preconference workshop attendees who will be interested in attending Food Technology-2015 Conference (<http://foodtechnology.conferenceseries.com>) will get 30 percent discount on registration fee. OMICS will supply certificates of participation in the workshop. Abstracts received by the Preconference Committee will be published in the conference proceeding booklet and in the Journal of Food Processing & Technology.

Venue and accommodation: Technological Educational Institute of Athens
