

Study at GROUP ESA Erasmus Mundus Masters in Food Technology and Wine Marketing

- *The MSc Food Identity (development of the local products in a globalised market : www.masterfoodidentity.com).*
- *The MSc Vintage (vine, wine and terroir management : www.vintagemaster.com)*

These two programs are very attractive in terms of both reputation and financing, offering a unique opportunity to the best students graduate with a Bachelor's degree in food industry, agriculture, agronomy, biology, chemistry, economic sciences. Accepted students are granted a full scholarship during the two years in Europe, studying a curriculum of recognized excellence in 3 european countries at least.

**Attention : new application deadline for the Erasmus
Mundus scholarship : 22nd January 2013**
