Frontend Javascript Developer

Located in: Athens – Elliniko

1.1 DESCRIPTION

We are assembling a team of top talents and are creating a next generation Application Life Cycle Management Tool. Our mission is to revolutionize the way how application requirements are managed through the various stages of their life cycle. For this we are creating an amazing web application and service that works on all devices using modern technologies. Now we are looking to hire a great person to join our development team in Greece to work in a very good working atmosphere as Javascript developer.

Tasks and responsibilities:

- You are our frontend developer
- You will work in our team of frontend developers
- You will work closely with our designer, backend engineers & product team
- You actively participate in our scrum process
- You will be up to date with new technologies and push us to adopt and evolve our technologies with such innovations.
- You have a clear understanding of configuring build systems (Webpack, Grunt, Gulp, etc.)
- You have experience with test automation, continuous integration/delivery and unit testing frameworks

1.2 REQUIREMENTS

- You have experience as a Front-end Javascript developer
- You have experience with frontend architectures, ideally gained in a fast-paced startup environment
- Knowledge of modern frontend technologies. Our current technology stack is Angular2(Typescript), Webpack, SASS, Jasmine, Karma, Protractor, Git
- Experience developing highly interactive web applications with JavaScript and AngularJS
- Object-oriented JavaScript skills
- Experience using REST APIs
- You are creative and have a sense for good design and user experience
- Your English is fluent

1.3 BENEFITS

- Competent salary
- Contribute to a next generation ALM product that continues to excite us and our customers.
- You work with cutting-edge technology in an agile environment.
- Long-term perspective towards our work and our biggest asset – our team!
- Flat hierarchies within a young and international team with startup style atmosphere.
